Summary of this Office Action dated July 4, 2009

1. Information Disclosure Statement
2. Copending Applications
3. Specification
4. 35 USC § 112(2) Rejection
5. Response to Remarks
6. Communication

Information Disclosure Statement

The listing of references in the specification is not a proper information disclosure statement. 37 CFR 1.98(b) requires a list of all patents, publications, or other information submitted for consideration by the Office, and MPEP § 609.04(a) states, "the list may not be incorporated into the specification but must be submitted in a separate paper." Therefore, unless the references have been cited by the examiner on form PTO-892, they have not been considered. In case of foreign patents applicant should provide English abstract and/or the translation of the document to be considered.

Copending Applications

Applicants must bring to the attention of the examiner, information within their knowledge as to other copending United States applications and or Patents, question. MPEP 2001.06(b). See DAYCO Products Inc. v. Total Containment Inc., 66 USPQ2d 1801 (CA FC 2003).

Specification

Art Unit: 1612

The specification has not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 18, 19 and 29 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 18 is incomplete. There is definition of various R groups.

A proviso in claim 18 has been noted. Applicant is requested to disclose the disclaimed prior art.

Response to Remarks

Applicant's election of group V (claims 18, 19 and 29) is hereby acknowledged. Applicant further elected a species of compound 98 (AZ78 on page 30). Claims 22-28 will be rejoined when claim 18 will be allowed.

Art Unit: 1612

Prior art does not teach nor suggest the elected species therefore is allowable.
